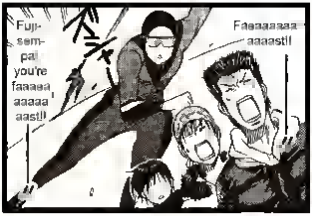
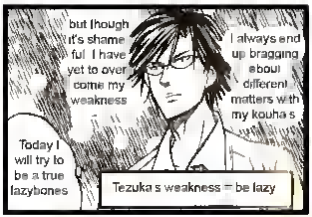
Prince on ice

Waaah! I want to go I want to !
One of dad s acquaintances has some connections and apparently will lend us the ice rink next Sunday only for the morning
Would you come with me?

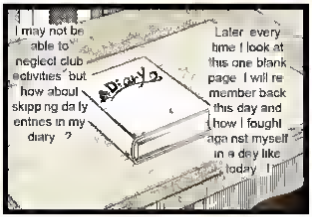
I heard it's his specialty
Is Fuji Sempai good at skating?
On the appointed day at the skate rink
I bet he slides like a charming prince



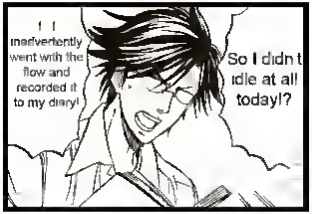
What I want to overcome



but though it's shameful I have yet to overcome my weakness
I always end up bragging about different matters with my kouhais
Today I will try to be a true lazybones
Tezuka s weakness = be lazy

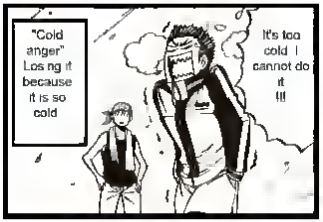


I may not be able to neglect club activities but how about skipping daily entries in my diary ?
Diary
Later every time I look at this one blank page I will remember back this day and how I fought against myself in a day like today !

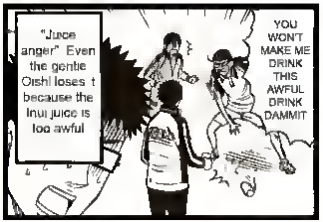


Youngsters Losing It

"Mis-placed anger" Losing it though one is at fault
But we were the ones at fault, skipping off classes
Why do I have to run 30 leps around the court!!??

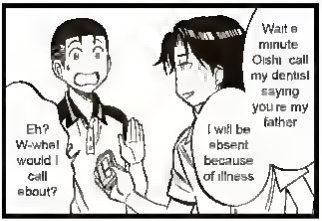


"mild anger" Essentially losing it because something that has to be spicy is mild
But this isn't spicy at all !!
It said "Super spicy"



"Juice anger" Even the gentle Oishi loses t because the Inui juice is too awful
YOU WON'T MAKE ME DRINK THIS AWFUL DRINK DAMMIT

Partner One Can Rely On



Spoiled

Let's go practice now!!
Hey why are you going blank?

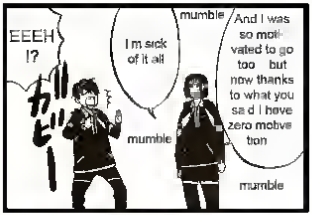
What?
mumble
Oh geez, you spoiled my departure moment



EEEH!?
カビー!
I'm sick of it all
mumble
mumble
And I was so motivated to go too but now thanks to what you said I have zero motivation
mumble

You were the one who wasn't motivated to begin with right?
Oh geez. That surprise reaction is the worst
Don't blame it on me!
You've spoiled it twice

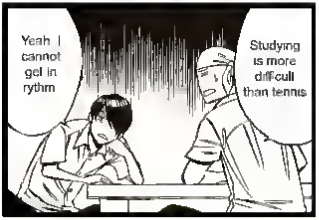
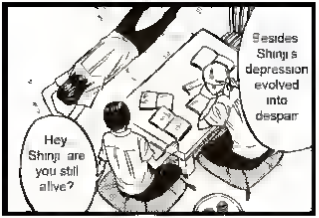
不動峰

Study group 2

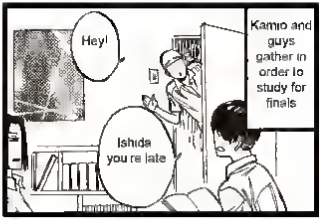




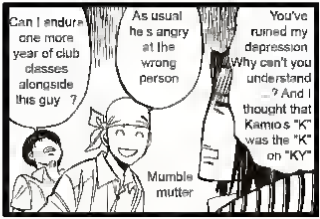
Even if a scary person comes now and gives my idle self a good scolding I won't have a inch more of motivation
What s that idle prediction ?

If wasn't short, you ve been having a break all this time
Alright I get I I will do it I can do it You don I give me even a short break
Very well I will ask Tachibana san to give you a good scolding

Study group

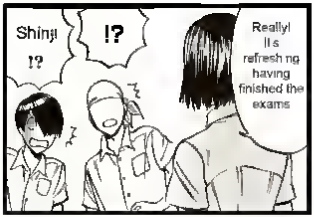


So it seems
By the way it looks like Shinji already has zero motivation
Hey Shinji don't put such a depresive face! You are depressing us all!



Can I endure one more year of club classes alongside this guy ?
As usual he s angry at the wrong person
You've ruined my depression Why can't you understand ...? And I thought that Kamio s "K" was the "K" on "KY"
Mumble mutter

Sense of liberty



Will we see this twice a year or not!? Let's pray for this!
Even what he says is refreshing!!
Should we drink some lemon squashes on our way back?

Mumbling prevention method

I have elaborated some preventive measures for today
Don't worry
Hey Your classmates told you too but your mumbling distracts everyone
The day of the test
Can you control it somehow today?
Ooh !
